ABOUT

Designing for outcomes that not only justify the efforts and resources invested in research but also translate into elegant outputs.

EXPERIENCE

Enterprise Minds, Inc

UX Design Intern • Oct 22 - Feb 23

Provided support in design and testing to the team working with Protean (formerly NSDL e-Gov) on the ONDC project, encompassing sectors such as Food & Beverages, Grocery, Electronics & Appliances, and Auto, in B2C and B2B segments.

TagThose Design Studio

UX Design Intern • Apr 22 - May 22

Responsible for working on multiple client projects at different design stages performing secondary research, crafting information architecture and user flow, sketching wireframes, UI design, prototyping & developer hand off.

Freelance Designer

Upwork • ~ 1 year

Occasionally engaging in freelance projects, I've contributed to a diverse portfolio of 20 endeavors. Initially focusing on Graphic & UI Design initiatives, I expanded my expertise to incorporate research-driven experimental UX design tailored to each client's needs.
